Objective/ Scope of Event	To provide an opportunity for hands on training in the use of
	sophisticated analytical instruments for research.
Particulars of Event Outcome of Event	Ms. Nadine de Souza attended a 3-day State level Workshop on 'Hands-on Training on Sophisticated Analytical Instruments'. The workshop highlighted the use of various analytical tools and techniques used in research such as HPLC, UV-Vis Spectroscopy, Infrared Spectroscopy, Cyclic Voltammetry, X Ray Diffraction. The informative lectures were followed with a hands-on session. During the hands-on training sessions, participants had an opportunity to actively learn how to prepare samples and use the different analytical instruments. Participants were given training on handling different sophisticated analytical instruments right from sample preparation to analyzing results of different samples which could be used in research work.
Feedback	
reedback	The workshop was an enriching learning opportunity for both students and faculty members and helped them understand the application of sophisticated instruments in practical experimentation.
