ST. XAVIER'S COLLEGE,MAPUSA
GOA

Nature of Event (Workshop, Guest Lecture, Add-on Course, Seminar, etc.)	Webinar
Name of Department	Computer Science
Faculty In-Charge	Ms. Avani Kharde, Ms. Melissa Rodrigues
Stratum of Event (College, State, Regional, National)	College
Title of Event	Future Readiness for the IT Industry
Date of Event	30th October, 2021
Venue	-
Resource Person details	Mr. Niteen Kole, Senior Solution Designer for Cooperators Group Limited, Canada (ADDENDA, CGIC, CGL, CLIC, CUMIS, FEDER, ATED, HB, SG)
Objective/Scope of Event	Educate students on the current landscape of the IT industry and its evolving trends.
Particulars of Event	The resource person Mr. Niteen Kole briefed the students on the importance of how one should be ready to enter the IT industry. The importance of developing skills such as programming, logic, team building, communication skills and many more as most of the industries are getting digitalized and are improving their business processes for better delivery of their products to customers. He said that students need to build their skills and that learning is a continuous process and that students need to be aware of the fast changes that are taking place in the IT industry. He also highlighted that businesses are

	majorly on the cloud technology platforms and are breaking the conventional barriers of delivery of their products to customers across the world. Cloud technology is the present and future of the IT industry and he emphasized that students need to familiarize themselves with these concepts. To have a better understanding of this, he demonstrated the use of cloud technology used at his company and how they perform their business processes. He concluded by saying that students need to update their skills to enter the IT industry if they are looking for career opportunities in this industry.
Outcome of Event	This webinar empowered students with valuable knowledge, skills awareness, and actionable insights to confidently embark on their journeys into the dynamic world of the IT industry. It fostered a future-oriented perspective and highlighted the importance of continuous learning and skill development for thriving in this ever-evolving field.
