<b>Objective/ Scope of Event</b>	To provide the students with valuable insights and career paths by alumni of St. Xavier's College, Mapusa
<b>Particulars of Event</b>	The Department of Microbiology of St. Xavier's College, Mapusa held a panel discussion titled 'Micro Conversations' for the microbiology students of FY, SY and TY. The discussion was moderated by two faculty members of the Department, Ms. Ruella D'Souza and Mr. Siddesh Menon. The panelists were alumni from the college and were invited to speak about their success stories in their respective fields. The aim of the event was to provide students with guidance in their career path with advice directly from the professionals. Each of the panelists were experts in different areas of microbiology and its allied fields such as professors, research guides, nutritionists, high school teachers, forensic scientists, researchers and laboratory technicians. The session concluded with oral feedback given by two students from the audience.
<b>Outcome of Event</b>	The students of microbiology gained insights from professionals who once walked in their very footsteps. The students were received guidance and clarity on choosing their career path.
<b>Feedback</b>	Provided students with clarity on career prospects in various fields related after a graduate degree in Microbiology.
<b>Total No. of Participants</b>	103
