<p>Name & details of Resource Person/s</p> <p>If any</p>	<p>23 students of the Department of Psychology participated in the field visit to Sanjay School of Special Education , Porvorim on 30th September, 2024. They were accompanied by Ms. Anuradha Kakodkar, faculty of the department. The objective of the excursion was to provide the students an exposure to various disabilities of children and to learn about the strategies used in educating them.</p> <p>The students were apprised about the infrastructure, facilities and strategies used in educating children with special needs. The school has 4 sections:</p> <ol style="list-style-type: none"> 1. Shruti – has students with hearing impairment and has classes from Nursery to Std XII. 2. Shraddha – is for students with learning disabilities or children with physical disabilities with a high intellectual functioning. These students answer the exams conducted by the Goa Board of secondary education with a modified syllabus 3. Sanjeevani – has students from 3 to 14.4 years who have intellectual disabilities/ Cerebral Palsy. 4. Saksham: is a pre vocational section which has students from 14.5 to 21 years. <p>The initial diagnosis of the child is done through a functional assessment through a checklist program which is divided age wise. This assessment of the child is done in 5 domains and the child is assessed regularly on 5 skills – personal, social, academic, occupational and recreational. Each child has an Individualized Educational Program (IEP)</p> <p>The Teacher – Student ratio in each class is maintained at 1:9</p> <p>The school has a number of professionals as faculty such as Physiotherapists, Speech therapist, Occupational therapist, Western and Indian classical music teachers, Psychologists. Together, they make sure that children are trained and participate regularly in various competitions.</p> <p>The field visit served its purpose of sensitizing students to the special needs of children with disabilities and also gave them an insight into the myriad techniques utilized for their education.</p>
