Report	<p>A session on 'Philosophizing with Nature' was held on 18th September, 24 for the students of FYBA (Minor).</p> <p>The title of the minor paper is 'Environmental Philosophy'. One of the major reasons of environmental crisis is the alienation of humans from nature. The activity was based on this concept.</p> <p>Students were taken to the college theater space, and were asked to identify a tree/plant and have a conversation with it. They had to empathize with the feelings of the tree and imagine what its perspective of man will be.</p> <p>The students had an engaging time with the trees. They named the tree, sang songs to it, observed the creatures and birds on it.</p> <p>Around 50 students participated in the session.</p>
