Report	<p>Objectives</p> <ol style="list-style-type: none"> 1. To Raise Awareness about Malnutrition in India 2. To Identify Causes and Factors: 3. To Discuss Health Impacts: <p>Expected Outcomes</p> <ol style="list-style-type: none"> 1. Increased Knowledge and Understanding 2. Empowered and Engaged Communities 3. Improved Nutritional Practices: <p>On 23rd of September, 2024, as part of the Research Coffee Series, Ms. Manisha Chaudhary and Ms. Rachel Rodrigues from SYBCOM presented a paper on the topic 'Malnutrition in India'. They identified the multifaceted causes of Malnutrition including economic, social, environmental & biological factors and also analysed its impact on the health & development of a individual. Addressing malnutrition is crucial for enhancing global health outcomes, they stated. With the help of pie charts and bar graphs, they analysed the trends in the malnutrition rate, percentage of underweight children and the Global Hunger Index for India The session concluded with a quiz, followed by a question-and-answer segment. 54 students of SYBCOM participated in the session</p>
