

ST. XAVIER'S COLLEGE, MAPUSA GOA

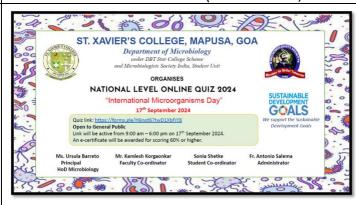

Report of Activity conducted in the Academic Year 2024-25

	"International Microorganism Day"
Name of Activity	National level online quiz competition
Ivallie of Activity	Transmit level online quiz competition
	17th Santambar 2024
	17 th September, 2024
Date/ Duration	
	Online- Google form
Venue	
Name of organizing	Department of Microbiology in association with Microbiologist's
Department/Cell	Society of India (MBSI) under Star DBT College scheme.
In collaboration	1
with	
Name/s of	Mr. Kamlesh Korgaonkar
Faculty	Wii. Rumesh Korguonku
Co-ordinator	
Stratum of Event	College
No O dotalla d	
Name & details of	-
Resource Person/s	
if any	
Report	Objectives
	To raise awareness about the importance of microorganisms in the
	environment, health, and industry in commemoration of
	"International microorganism day".
	To engage students and professionals from various backgrounds in
	learning about microbiology.
	Tearring about time objecting
	Brief Description
	Sher bescription
	The event was conducted virtually and was open to participants from
	The event was conducted virtually and was open to participants from
	across India and abroad. The quiz covered a wide range of
	microbiological topics, including microbial diversity, health impacts,
	industrial applications, and environmental microbiology.
	The quiz questions were designed to challenge participants of varying
	expertise, with categories ranging from beginner-level to more
	advanced concepts, ensuring that all participants had the opportunity
	to engage with the content at their own level. Participants had a set
	time limit to complete the quiz, ensuring an interactive and time-
	sensitive learning experience.
	Outcomes
	Participants gained enhanced knowledge of microorganisms
	and their roles in everyday life, health, and industries,
	contributing to a broader understanding of microbiology.
	2. The participation of individuals from various states and

- internationally indicates the growing interest and relevance of microbiology.
- 3. The range of questions from basic to difficult enabled participants to assess their understanding in microbiology.

Number of beneficiaries: 204 (National- 100, International- 04)
