<b>Stratum of Event</b>	National
<b>Name &amp; details of Resource Person/s if any</b>	Nil
<b>Report</b>	<p>The PG Physical Chemistry Department of St. Xavier's College, Mapusa, organized an educational tour to Hyderabad for M.Sc. students. The tour, aimed at exploring the historical, cultural, and modern aspects of the city.</p> <p>Students visited one of the most iconic landmarks of the city Golconda Fort. It is a historical marvel that offers a glimpse into the grandeur of the past and is an architectural masterpiece of medieval India. Students visited the Nehru Zoological Park, one of the largest and most well maintained zoos in India. Later students proceeded to the NTR Garden, an urban park dedicated to the memory of Nandamuri Taraka Rama Rao, a famous actor and former Chief Minister of Andhra Pradesh. Students also visited Lumbini Park, located near Hussain Sagar Lake. The main attraction of the park is the Buddha Statue, located on an island in the lake.</p> <p>Students visited Ramoji Film City, one of the largest and most famous integrated film studio complexes in the world. Ramoji Film City serves both as a film production hub and a major tourist attraction.</p> <p>Students were taken to T-Hub, a premier technology incubation center in Hyderabad. They explained the students how they serves as a platform that supports startups by providing mentorship, networking opportunities, and access to funding. Next, students visited Medesse Laboratory Pvt. Ltd., a leading biotechnology and laboratory research company. The laboratory conducts cutting-edge research in various fields, including medicine, pharmaceuticals, and biotechnology. Students were impressed by the laboratory's advanced equipment and its role in developing new medical technologies and treatments. It was a</p>

	<p>fascinating experience that provided us with an understanding of how science and technology are being used to solve real-world problems in the medical field.</p> <p>Total of 15 M. Sc students along with 3 faculty members were visited the same.</p>
