Report	<p>SY Major students, Ms Shalome D'Souza, Ms Shruti Salgaonkar and Ms Utkarsha Kotkar, recently completed a two-week training at a Sigma labs a leading pharmaceutical company, gaining valuable hands-on experience in the industry. During this internship, the students were exposed to various facets of pharmaceutical operations, including research and development, quality control, and production processes. They worked with industry professionals, learning analytical instruments like HPLC etc , enhancing their practical knowledge and skill sets. The experience also provided them with insights into the latest advancements in pharmaceutical technology and regulatory standards. Overall, the internship proved to be an enriching opportunity, helping students bridge the gap between academic learning and real-world application in the pharmaceutical sector.</p>
