<p>Report</p>	<p>On February 6, 2025, the Department of Chemistry at St. Xavier's College, Mapusa, Goa, organized an enlightening educational visit to ICAR-Central Coastal Agricultural Research Institute in Old Goa, as part of the Skill Enhancement Course in the FYUG Programme titled "Water and Soil Analysis CHC141."</p> <p>Upon arrival at ICAR, Mr. Omakar Sawant extended a warm welcome to the 21 FYBSc students and led them on an engaging and informative guided tour of the agricultural farm. He highlighted the institute's ongoing research projects, cutting-edge initiatives, and significant achievements in the field of agricultural science.</p> <p>The visit was coordinated by Dr. Andrew D'Souza, under the guidance of Ms. Kathleen Pinto, Head of the Department of Chemistry. The students eagerly participated in the visit, integrating the newly acquired knowledge with the concepts explored in their classroom studies for the "Water and Soil Analysis CHC141" Skill Enhancement course.</p>
