<b>Report</b>	<p>The Techbytes was held on 9 January 2025 at St. Xavier's College, Mapusa. The BCA Department of the college organized an inter-class event involving the first-year (FY), second-year (SY), and third-year (TY) students, each forming separate teams. The purpose of this event was to help students in the BCA department get to know each other better and to promote teamwork in preparation for the upcoming inter-college event, "Techclipse." The planning for the upcoming event commenced one month prior, at which time students were informed of the details. The event features 13 distinct competitions, each accompanied by a comprehensive set of criteria, rules, and a marking system to ensure a fair assessment. The teams engaged in a positive and constructive competition, demonstrating their commitment to excellence. The final results were established based on the cumulative points awarded to the team across all events. This outcome leads to FY achieving victory in the overall event. The experience was truly outstanding and exceeded my expectations.</p>
