<b>Stratum of Event</b>	Pikule
<b>Name &amp; details of Resource Person/s if any</b>	NIL
<b>Report</b>	<p>The Department of BBA (Travel and Tourism) organized a field trip for the students of SY BBA (Travel and Tourism) on 19th March to "Shivaaz Life Farms" in Pikule, Maharashtra. The purpose of this trip was to provide students with a hands-on learning experience in rural tourism, farm management, and eco-tourism while also offering a break from the usual academic routine. Shivaaz Life Farms is known for its serene natural environment and diverse range of farm animals. Upon arrival, students were introduced to the different animal enclosures, where they had the opportunity to observe and interact with various species, including horses, guinea pigs, white rats, and different breeds of dogs and cats &amp; peacocks. The farm also housed livestock such as goats, ducks, cows allowing students to gain a better understanding of animal care and farm management. Additionally, there was a fish pond and a natural habitat for squirrels, adding to the overall experience of exploring local biodiversity. The trip was not only about learning but also about recreation and team-building. The farm provided various facilities for students to engage in outdoor and indoor activities, fostering a sense of camaraderie among classmates. These activities served as a refreshing break from academic studies and helped students develop teamwork and leadership skills in an informal setting. The well-organized meal arrangements contributed to the smooth flow of the trip, allowing everyone to fully enjoy the day without any inconvenience. Overall, the study trip to Shivaaz Life Farms was an enriching experience. It provided valuable insights into rural tourism, animal care, and the importance of sustainable farm practices. The visit allowed students to engage with nature, interact with animals, and participate in group activities, making it both educational and enjoyable. The trip successfully met its objective of combining learning with recreation, leaving students with a deeper appreciation for eco-tourism and farm-based tourism initiatives.</p>
