In collaboration with	
	Nil
Name/s of Faculty Coordinator	Ms. Veena Kerikar Mr. Abhishek Kandolkar
Stratum of Event	Collegiate level
Name & details of Resource Person/s If any	NIL
Report	The Department of Marathi organized an educational field trip to the Tilari Dam and tilari conservation Reservoir at Dodamarg on 4th October 2025. The visit was a part of the department's initiative to encourage exploration and learning among students.

The trip aimed to provide students with an opportunity to explore the natural surroundings, understand the ecological significance of the reservoir, and engage in reflective observation. The scenic environment of Tilari offered a refreshing experience, inspiring creativity and critical thinking among students of literature.

During the visit, students observed the vast water reservoir, the dam structure, and the surrounding flora and fauna. The field trip also included interactive discussions, where students shared their insights and experiences, connecting their observations with themes of nature, sustainability, and human interaction with the environment. Altogether 30 students participated in the exploration program along with faculty Ms. Apurva Betkekar, Ms. Veena Kerikar and Sir Abhishek Kandolkar from Dept of Marathi.

The journey proved to be not only recreational but also educational, enabling students to broaden their

	perspectives beyond the classroom. The department looks forward to conducting more such explorations in the future to foster holistic learning.
