Report	One locally available plant is been kept for all the students and teachers of our college. Here we learnt the name, description, uses and propagation of the plant. Seven plants were displayed. The plants were <i>Crossandra infundibuliformis</i> , <i>Catharanthus roseus</i> , <i>Aloe vera</i> , <i>Opuntia microdasys</i> , <i>Capsicum annuum</i> , <i>Physalis angulate</i> and <i>Chlorophytum comosum</i> . The program was conducted by the T.Y.BSc. Botany students and co-ordinated by Dr. Wendy Martins.
