Report	<p>The department organized a career guidance talk for its students on 17th March, delivered by Mr. Vikash Kumar Yadav, Assistant Professor of Biotechnology from Goa University.</p> <p>The talk aimed at creating awareness among students regarding the diverse career opportunities available in the field of biotechnology. Mr. Yadav provided valuable insights into his research work, highlighting its relevance and application in the current scientific landscape. He also discussed various academic and professional pathways that students can pursue after completing their undergraduate and postgraduate studies.</p> <p>A significant part of the session focused on the biotechnology programs offered at Goa University. Special emphasis was laid on the Marine Biotechnology course, wherein students were introduced to its scope, research potential, and growing importance in addressing environmental and industrial challenges.</p> <p>The session was highly informative and interactive, enabling students to gain clarity about higher education options, research opportunities, and emerging trends in biotechnology. Overall, the talk proved to be beneficial in guiding students towards making informed career decisions.</p>
