Report	<p>As the Nodal Officer for the Institute, I coordinated and facilitated the implementation of the Indian Research Information Network System (IRINS) and the creation of VIDWAN IDs for faculty members. The initiative was undertaken with the objective of enhancing the visibility, accessibility, and impact of the institution's research output at the national and international levels.</p> <p>The responsibilities included liaising with the INFLIBNET Centre for the on boarding process, collecting and verifying faculty information, creating and updating VIDWAN profiles, and ensuring the accuracy of research-related metadata.</p> <p>The IRINS portal was successfully established for the institution, providing a centralized platform to showcase the research contributions of faculty members and departments. The portal facilitates research networking, collaboration opportunities, citation tracking, and institutional research assessment.</p> <p>The initiative has significantly contributed to strengthening the institution's research ecosystem, improving the scholarly outputs, and promoting the academic achievements of faculty members through a nationally recognized research information system.</p>
