Report	Representatives of Nordic Intent, a venture studio based in Europe and US and Kilowatt conducted a roadshow and pre-placement talk for students. The objective of this session was to familiarize students with Nordic Intent's history, mission, values, and vision in an attempt to know the brand, its culture, and what makes it a great place to build their career. The session also detailed the specific roles available for fresh graduates including Operation Management, Project management, and Network Administrator roles and the requisite skills for their chosen career path. Students also heard employee testimonials and participated in an interactive session. The outcome of the session was that students are aware of possible placement opportunities as fresh graduates and they can work on upgrading their skill set and getting job-ready using available resources. A total of 78 students benefited from the talk.
