Stratum of Event	
Name & details of Resource Person/s If any	NIL
Report	The aim this initiative was to encourage the college community to contribute children's books and magazines and promote the joy of reading among young learners. Students, faculty and members of the college community were encouraged to donate age-appropriate children's literature to support the development of reading habits and access to educational resources among school children. The collection drive was published among students and staff through the college communication channels. The Library invited donations of children's literature and magazines, specifically requesting contributors to share books that were suitable for young readers. The response from the college community was encouraging, with books being donated for redistribution to children in a school setting. The collected materials were subsequently examined and organised by the College Library before being prepared for donation. As a continuation of the initiative, the books collected during the drive were donated to St. Antony School, Duler, Mapusa on 30th September,

	2026. The donation was intended to enrich the school's reading resources and provide children with additional opportunities to explore stories, literature, general knowledge and age-appropriate reading material. The initiative thereby extended the impact of the collection drive beyond the college campus and contributed to community outreach through books and reading resources.
